TOWN OF ATKINSON

TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Atkinson, in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Grange Hall in said Atkinson on Tuesday, the 11th day of March next, at one o'clock in the afternoon and close not earlier than seven P.M. to act on the follow subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same.
3. To see if the Town will vote to raise and appropriate the sum of (\$458.00) four hundred fifty eight dollars to purchase two Scott Air Paks for the Fire Department.
4. To see if the Town will vote to accept a piece of land now owned by Harold J. Lutz, located at the corner of Meditation Lane and Sawyer Avenue for the purpose of eliminating a traffic hazard. It is to be understood that the Town will assume the expense of replacing the wall and leaving the property in a satisfactory condition.
5. If the above article is adopted, to see if the Town will vote to raise and appropriate the sum of (\$200.00) two hundred dollars, to eliminate a driving hazard at the intersection of Meditation Lane and Sawyer Avenue.
6. To see if the Town will vote to raise and appropriate the sum of (\$200.00) two hundred dollars, to add gravel to Willow Vale, so that it can be oiled next year.

7. To see if the Town will vote to raise and appropriate the sum of (\$600.00) six hundred dollars, to be used under the supervision of the Selectmen, including the cutting of brush on Town Highways, and to take care of any emergency that may arise.

8. To see if the Town will vote to raise and appropriate the sum of (\$375.00) three hundred seventy five dollars to cut brush on Town Highways.

9. To see if the Town will vote to raise and appropriate the sum of (\$500.00) five hundred dollars, to be used for cutting shoulders on Town Highways.

10. To see if the Town will vote to raise and appropriate the sum of (\$240.00) two hundred forty dollars, for the purchase of two hydraulic pumps for trucks used in snow removal.

11. To see if the Town will vote to raise and appropriate the sum of (\$500.00) five hundred dollars, for the maintenance and operation of the Kimball Public Library.

12. To see if the Town will vote to raise and appropriate the sum of (\$375.00) three hundred seventy five dollars, to pay for installation of bathroom in the Kimball Public Library.

13. To see if the Town will vote to raise and appropriate the sum of (\$146.76) one hundred forty six dollars and seventy six cents, to reimburse the Atkinson Firemen's Fund, for material used in installing a new ceiling at the Fire House.

14. To see if the Town will vote to raise and appropriate the sum of (\$171.60) one hundred seventy one dollars and sixty cents, to pay the premiums on fire insurance policies on Library and equipment.

15. To see if the Town will vote to accept Highland Road, which runs from Sawyer Avenue to North Broadway; this road has been properly graveled and oiled. (By request of the residents of said road.)

16. To see if the Town will vote to accept Scottsdale Road, which runs from Sawyer Avenue to Highland Road; this road has

also been properly graveled and oiled. (By request of the residents of said road.)

17. To see if the Town will vote to accept the road leading from route (111) into Stickney's Grove for an approximate distance of one half mile toward Island Pond. It will be the responsibility of the Stickney Grove Association to provide a clear deed from Walter E. Stickney, present owner, to the Town of Atkinson for the land involved in subject article and to conform with town ordinance.

18. To see if the Town will vote to have ads appear in the Annual Town Report to help defray the cost of printing, this program, if adopted, will be under the supervision of the Selectmen.

19. To see if the Town will vote to authorize the Selectmen to distribute blank inventories at the time they examine and appraise the property to be taxed.

20. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to hire such sums of money as the Town will need in anticipation of taxes.

21. To see if the Town will vote to accept the following ordinance:

The Town dump is located (1,300) feet off Meditation Lane on a parcel of land owned by L. Edna Wright, and rented to the Town of Atkinson to accommodate the residents and property owners of said town.

No rubbish or other waste materials shall be deposited in said dump unless accumulated in the town.

It is also illegal to dump brush, logs, stumps, etc., on said property without the written permission of the Selectmen.

Said dump will be closed throughout the week, open Saturdays and Sundays only, an exception to the above rule will be in order on the day or days that the collector of rubbish is working in town.

Any person or persons found to be violating the above rules shall be punished by a fine of not more than fifty dollars.

22. To see if the Town will vote to raise and appropriate the sum of (\$250.00) two hundred fifty dollars, to make the necessary repairs on the Tomb of the late Hezekiah Dow which is located on Main Street and abuts the old Cemetery.

23. To see what action the Town desires to take in regard to having additional street lights installed along our Highways.

24. To see if the Town will vote to request the State Tax Commission to assist the Selectmen in the re-appraisal of improved lands and buildings in order to equalize assessments thereof on a proportionate basis. The costs of the re-appraisal will be approximately (\$2,000.00) two thousand dollars, which will not be raised until (1959).

If the Town votes to adopt this article, there will be no charge to the Town for the work that has already been done by the Tax Commission.

25. To hear the reports of Town Officers and Committees, act on same and transact any other business that may legally come before the meeting.

Business meeting will be adjourned until Saturday evening, March 15th, 1958, at 8 o'clock.

Given under our hands and seal, this 20th day of February, in the year of our Lord nineteen hundred and fifty eight.

REPORT OF THE BOARD OF ENGINEERS ATKINSON FIRE DEPARTMENT

During the year 1957 the Department answered seventeen calls. One house fire, two chimney, ten grass and brush, one auto and three out of town calls.

The total loss for 1957 was \$12,500.

New equipment purchased this year includes 100 ft. 2½ inch hose and 1½ inch hose, also two fog nozzles.

The Department meets the first and third Monday of each month September through April and the first Monday of each month May through August.

A ceiling is being installed in the upstairs of the fire house by members of the Department in hopes of minimizing our heat bill.

The public is invited to any meeting or drill that the Fire Department holds.

I wish to take this opportunity to thank the members of our Department and the town's people for their cooperation and support during the year 1957.

Respectfully submitted,

WILBUR R. MOODY,

Chief of the Board of Engineers.

REPORT OF THE FORESTRY DEPARTMENT

Despite the droughts of early spring and mid-summer, the year 1957 was another with an excellent forest fire record for the Town of Atkinson.

There were only two fires of any consequence: one, started by woodchuck hunters, burned over approximately four acres on Providence Hill Road; the other was caused by an illegal kindling of the dump. Several other fires were held to small spots by the alertness of the fire department.

During the year Clarence Kinney retired as a deputy warden after twenty-one years of uninterrupted and faithful service. Also during the year the State Forester appointed two new deputy wardens, Warren E. Kolb and Wilbur R. Moody. Mr. Kolb's life-long background in forestry and woodsmanship and Mr.

Moody's experience as chief of the fire department should prove most valuable in the prevention and suppression of forest fires.

In 1957 a start was made in improving the town's inventory of fire fighting equipment. Four brass Indian pumps were purchased along with three grass-fire brooms and several electric headlamps for night work. The State shared one-half the expense of these purchases. The undersigned and Deputy Warden Robert S. Hotchkiss again attended the spring training session in Exeter.

The cooperation of townsfolk continued to be excellent during the year and is responsible for the excellent record referred to above. Nearly fifty permits were issued in 1957, and very few violations were noted.

For the benefit of residents who have moved into town recently it is worth repeating that **UNLESS THE GROUND IS COVERED WITH SNOW**, a written permit is required by state law to kindle a fire in the open.

Respectfully submitted,

AUSTIN B. WASON,

Forest Fire Warden.

REPORT OF POLICE DEPARTMENT

During the year of 1957 eight auto accidents were investigated by the Department. New "Stop" signs were erected at the entrance to Sawyer Ave. from Meditation Lane.

Periodic patrol work was done. Due to an increase in travel in our area, speed and stop sign violators were summoned to appear in Plaistow Court.

Two hundred twenty-three dollars worth of items reported stolen from breaking and entering were returned to their owner.

Respectfully submitted,

WILBUR R. MOODY,

Chief.

REPORT OF THE HIGHWAY DEPARTMENT

During the year 1957 the shoulders on Meditation Lane, Providence Hill Road, Salem Road and a small section of Maple Avenue were cut back. With the new growth and development of our community we need to plan not only on the repair and upkeep of the roads we now have but also widening them. This will aid in drainage, snow removal and safety as well.

Six miles of our tar roads were resurfaced. We are planning to do approximately six miles this year.

Our Highway Garage and snow equipment were repaired and painted.

Respectfully submitted,

DANIEL W. STEWART,

Highway Agent.

REPORT OF THE TRUSTEES OF THE KIMBALL PUBLIC LIBRARY

The Trustees started their new year together after Town Meeting and welcomed a new member, Mrs. Marjorie Little.

It has been a busy period here in Town as well as State. In April a Neighborhood Workshop meeting was held in Plaistow. The Librarian was able to attend and the Trustees were represented. In May we attended a Neighborhood meeting in Salem. One was held in Hampstead in October and we were able to be there. The Towns are divided into districts so that individuals do not have too far to travel. They are held all over the State and are helpful and most interesting. New books are displayed and problems of general interest discussed. Cooperative book buying, a new idea, is being discussed as a solution to one phase of book buying in this day of limited budgets and soaring book prices.

On May 3rd the Trustees had the privilege of attending the third Governor's Conference for Trustees of Public Libraries. Previous conferences were held in 1953 and 1956. Mornings are devoted to outstanding speakers heard as an entire group, then separated into groups according to population. It is indeed a rewarding experience to attend one of these meetings. Later the Trustees attended a business meeting when the new organization of N. H. Library Trustees' Association was formed. We became charter members. At this meeting we met the new Assistant State Librarian, Mr. Emil W. Allen, Jr., who replaced Miss Catherine Pratt who retired after a long and successful career. Mr. Allen visited our Library in August. He presented his ideas and discussed our problems.

If one word could sum up our activities for the past year, it might be Cooperation. We have received it on all levels and it seems to promise an exciting future. Several years ago the Trustees tried to form a long range program and this year has

been eventful. The Library room has been completely redecorated and modern lighting and new drapes installed. A new desk with glass top and a chair were purchased for the Librarian. The former desk, which was a table, was cut down for the children and two miniature captain's chairs purchased. Happily not all of these items had to be purchased from Town Funds. The Women's Club made a most generous gift and for several years we have had a Gift Fund, money partly donated and partly earned by the Trustees, which we used.

At Town Meeting money was appropriated and in cooperation with the Firemen, a well was dug at the rear of the Fire Station to service both buildings. The Garden Club placed a living Christmas tree on the lawn to honor their Founder, Mrs. L. Joseph Eno. Additional items have come in to our Historical room. It is encouraging to have the Library patronage continue to grow. A new State office has been established in Exeter and through Federal Aid a new Bookmobile purchased, which will give us improved service.

We greatly appreciate the spirit of cooperation that has given us such a fine year. We certainly do appreciate the generous efforts of Mr. and Mrs. Reynolds in maintaining our Library and building in such an excellent manner.

We have tried to keep our purchases of books diversified with something for all. We are pleased to have the townsfolk continue to use their facilities and are most happy to welcome newcomers to Town. It is your Library and we try to offer the very best possible service.

Respectfully submitted,

MARJORIE P. BARNUM, *Chairman*

LIBRARIAN'S REPORT

Through the interest and cooperation of the Trustees we have been able to make steady progress in our library work.

It has been encouraging to serve more people in our community, our library is growing as well as our town.

The State Library continues to send us supplemented materials whenever requested and stands by to give us advice when needed.

Everyone is welcome to visit our well lighted and attractive rooms and browse at their leisure. If you do not find your choice of books, I will gladly borrow them for you.

I have tried to keep in touch with library work throughout the State by attending two regional meetings, principally to discuss problems of small libraries and also attended a Reading Conference.

Another service that our State Library renders so efficiently is the Bookmobile. Their service having expanded so greatly in this southern area made it necessary to open a branch library in Exeter. Every two months the Bookmobile makes its rounds, replenishing our stock.

Again, we extend our thanks to the donors of books and magazines as they are greatly appreciated.

Our library is open every Tuesday 7-9 P.M. and Saturday 2-5 P.M. The circulation has increased considerably this year; 4,828 volumes.

Respectfully submitted,

BEATRICE E. REYNOLDS,

Librarian.

REPORT OF THE PUBLIC HEALTH NURSE

Following is a report of the third of a series of three polio clinics held in your town during the past year.

The last clinic was held in January, 1957. To this 128 came for their shots. Of these, 14 were first shots, 14 were second shots and 100 were third shots. I do hope that those who received either one or two inoculations went to their own doctors to complete the series.

Besides, I have visited your town whenever health problems presented themselves. Defects found were referred to the proper agencies for correction.

Respectfully submitted,

BUDGET WORK SHEET

This is a presentation of the budget work sheet upon which your School Board is operating during 1957-58 and their proposed expenses for the year 1958-59. It must be taken into consideration that monies appropriated in the month of March, to be used the following year do not necessarily correspond in individual items, because of the impossibility of projecting the rising price indexes twelve months hence.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Atkinson:

I am presenting herewith my Second Annual Report as Superintendent of Schools in Atkinson. This report deals briefly with the following subjects: Personnel, School Buildings, Finances, Curriculum and Community Organizations. Reports of the Principal, Health Supervisor, Music Supervisor and statistical reports are also included.

PERSONNEL

Last September two teachers were new to their respective positions. They were: Miss Helen Bean, a graduate of Keene Teachers College — Grade 4, and Mrs. Eleanor Houston, a graduate of Lowell Teachers College, with eight years experience — Grades 2-3.

All teachers have continued membership in local, state and national professional teachers' organizations and have attempted to keep abreast of modern practices by attendance at local and state teachers' meetings and by taking courses when possible.

One teacher has recently completed a course entitled Language Arts under the auspices of the University of New Hampshire.

Although teachers salaries have increased in Atkinson, we are under the New Hampshire average for elementary teachers and New Hampshire, as a whole, is under the national average. New Hampshire increased teachers salaries last year the highest ever over any preceding year, but still fell behind the overall increase in the nation. I believe we must have adequate salaries to attract the more qualified teachers and to keep our present, very competent staff.

SCHOOL BUILDINGS

Your School Board has continued to maintain and improve

the physical condition of the Academy and the Rockwell Schools. Important improvements made since the last annual report have included: hot-topping at the Academy; replacing defective wiring; repairing bulkhead door; bricking up wall; adding additional support to the building and in general making the Academy more secure. Additions to the Academy kitchen have included a new storage freezer. At the Rockwell School the Board has installed a hot water heater and a serving table which has greatly improved the hot lunch program at the Rockwell School. The cafeteria has continued to be extremely popular and 87% of the pupils now take hot lunches.

FINANCES

The 1957 State Legislature increased state contributions toward costs of construction from 20% to 30% of a school district's annual payment toward capital expenditures.

It is expected that Atkinson will be eligible for some state aid this year because of its increased number of pupils.

CURRICULUM

The Atkinson children are equipped with textbooks as good as are available. Basal series have been instigated in all subjects and completed in most grades. Emphasis has been placed on reading and a complete testing program, under the guidance of Robert Dolph, Helping Teacher, is in operation. Evaluation of all achievement tests has helped materially with proper grouping.

Mr. Dolph is available to give helpful advice, counsel and assistance to teachers, pupils and parents as a constructive means of improving the educational growth and development of children. His work includes solving pupil problems of retardation and maladjustment; adopting the program of studies to meet the needs of the children and the community; bringing resources outside of the Schools to classroom teachers, pupils, parents and community and in general acting as a consultant to the entire staff community in the fields of curriculum, testing, in-service training of teachers and grade replacement. Mr. Dolph and your Superintendent have met each month with the principals and head teachers in the Union to stress important trends in education and to give all an opportunity to exchange valuable ideas and techniques.

It is the opinion of your Superintendent that we should continue to stress the basic fundamentals that lead to a balanced liberal education and not be unduly alarmed over what other countries are doing in certain areas. Over-specialization can be as harmful as neglect of specialization. The problem is how to strike a balance between the two.

Educational Television is becoming more of a reality. Day-time programs for participating schools will start this Spring from Channel 2 in Boston. Next Fall a fuller program will be in effect. All school districts should investigate the feasibility of installing television sets in the Schools.

Remedial reading instruction is being carried on in certain districts to help remove reading difficulties. There is talk in some areas of running a four-weeks summer session for pupils, on a voluntary basis. It is our responsibility to keep abreast of all major educational trends.

REPORT OF THE PRINCIPAL — CHARLES YEATON

I hereby submit my sixth annual report as principal of the Atkinson Schools. Reviewing a year of school activity is worthwhile as it gives us an opportunity for renewed emphasis on those areas which may have been somewhat neglected along with a feeling of satisfaction with those phases of work in which we have made progress. While these reports deal mainly with those events which are sometimes mistakenly thought of as extra-curricula, it should be stressed that our efforts are directed primarily toward the development by each child of a good foundation in the skills needed for success in higher levels of education, the cultivation of special abilities or talents, and the growth of happy worthwhile citizens devoted to the ideals upon which our society rests. To help each child more fully attain those potentialities of which he is capable, the teachers of Atkinson continue to seek for new and effective methods or materials through courses, workshops, professional meetings and by reading current publications of the educational field.

As in past years, we have attempted to give the children a varied program of activities. I need mention some of these only briefly as most people are already familiar with their nature. The

children contributed to the Junior Red Cross, the March of Dimes and the Crippled Children's Fund. The Parent-Teacher Association program for December again consisted of a Christmas program presented by the children. An animal show presented by John Cloutman of Dover was given for the second year. An excellent safety program by the Motor Vehicle Department was held for all children at the Grange Hall.

In addition to Parents' Day held annually during American Education Week, parents were invited to participate in "An Evening for Education" also held during that week. This seemed to be considered worthwhile by those that attended and could well be repeated next year.

A number of educational trips were taken during the last year. These have included visits to such places here in town as the post office and a chicken farm by the smaller children; to the Salem, Massachusetts area and the New Hampshire Legislature by older groups.

The school savings program, started last year, has proved quite successful with weekly sales of stamps averaging approximately \$30.00.

Graduation exercises were held in June for nineteen eighth grade pupils. This was nearly twice as large as any other class in recent years. The theme for the program was "The Life and Times of Stephen Foster." Forrest White received the Good Citizenship medal awarded by the Sons of the American Revolution. Main Hutcheson won honorable mention in the essay contest sponsored by the American Legion of Plaistow for eighth grade children in the area.

The school music program consists of two parts. The vocal supervisor, now Miss Ann Treadway, directs the Christmas and graduation music in addition to giving children music training appropriate to the various grade levels. The band is directed this year by Calvin Torrey and consists at present of fourteen members. The band participated in concerts in Atkinson, Plaistow and Hampstead last Spring and played for the Memorial Day and graduation exercises, and at the Atkinson Fair. Most of the present group are now in their third year with the band and

should be well qualified to enter high school bands, as a number have done in the past, when they leave the Atkinson schools.

As we believe that physical well-being has a direct influence upon the ability of a child to make optimum progress in school, the health program under the conscientious direction of Mrs. Gwendolyn Curtis Banks, Nurse-Teacher, has continued to be wide in scope. It has included physical examinations for pupils of grades one, three, five and seven; hearing and vision tests, and checks of heights and weights. Mrs. Banks also participated in the pre-school registration, gives health talks, distributes pamphlets, shows films and makes numerous home visits.

The hot lunch program has proved very popular with the children since it started last January. Mrs. Ruth Kilburn, lunch manager and her assistant, Mrs. Bessie Bezanson, provide a varied menu which is unusually good for food served in such programs. When the State Supervisor of hot lunch programs visited here last Spring, she felt that we had made an excellent start in this new venture. A recent offer by a parent to collect the lunch money has been welcomed by teachers as it releases them from this duty, thereby giving them more time to work with the children.

The efforts of the Parent-Teacher Association in support of our schools should be mentioned here. Substantial financial help to the hot lunch program was given by this organization last year. This year their principal objective is to provide the children of Atkinson with more worthy recreational activity. This is a project which should be of benefit to children of all ages. In addition to these projects, the meetings are generally of a worthwhile nature with interesting programs and opportunities for teachers and parents to become better acquainted.

In closing, I wish to express my appreciation to the School Board, the Superintendent and his office staff, the Helping Teacher and the teachers for their help and consideration during the last year. Through their dedicated efforts, along with the loyal support of the people of Atkinson, I feel that we have had a successful year.

REPORT OF THE SCHOOL NURSE-TEACHER

Mrs. Gwendolyn Curtis Banks, school nurse-teacher, reports that health exams were completed in grades 1-3-5-7 by Doctor Raymond Moore and Mrs. Banks, R.N. All defects found were referred to parents and taken care of through family doctors, clinics or the nurse.

The Nurse-teacher's yearly program consists of testing each child's vision and hearing; recording heights and weights; doing color perception and periodic cursory examinations. The Nurse gives health talks; helps plan the pre-school registration; helps with audio-visual programs referring to health and helps with clinical visits. She makes home visits and has many conferences with parents, principals, teachers and pupils. She also assists in special programs sponsored by the State Department of Health.

REPORT OF THE MUSIC SUPERVISOR —
WARREN S. FREEMAN

I have the honor to submit a special report for the music program from September, 1957 through December, 1957 for the public schools of Atkinson, New Hampshire.

This Fall it has been our aim to develop the best possible music program for Atkinson in both the vocal and instrumental fields. We have offered vocal instruction for all pupils and instrumental music for pupils from grade 4 through grade 8. We have conducted instrumental music demonstrations this Fall and have contacted parents in regard to the instrumental program.

The instrumental music program in Atkinson has moved ahead this year. It is being handled by Mr. Calvin Torrey, a teacher of wide experience, who has had in addition to his New England Conservatory training, special work in music education at the Boston Conservatory of Music, and a number of years experience in teaching, prior to this year. Mr. Torrey handles both the advanced and elementary groups in Atkinson. It has been noticed that there have not been as many new players enter the school band in Atkinson this year as in previous years. Another effort will be made to enlist new players shortly after the re-opening of the school year in January, 1958. At that time, we hope to increase the membership in the band.

The vocal music in Atkinson is being handled by Miss Ann Treadway, who makes a weekly visit to each of the rooms in Atkinson and develops a broad program for all of the pupils.

One of the needs of the band at the present time is a group of background instruments such as tubas, baritone horns and the like in order to broaden the instrumentation of the band. It is recommended that this program be undertaken at the earliest possible moment in order to improve and further develop the band program.

At this time, I would like to express my deep appreciation to the School Committee, Superintendent of Schools and to each of the Principals for their unfailing cooperation in making possible an effective program of instrumental music in the schools of Atkinson.

COMMUNITY ORGANIZATIONS

Appreciation is expressed for the continued support and co-operation of the Parent-Teacher Association, the Grange and the Atkinson Academy Alumni Association.

I wish to extend my appreciation at this time to the School Board, Principal, teachers and pupils who helped me to make this past year a success.

Respectfully submitted,

WENDELL V. DAVIS,

Superintendent of Schools.
